

About The Inland Valley Symphony:

Founded in 1995 as the Paloma Valley Orchestra, the Inland Valley Symphony changed its name in 1997 to reflect the growing diversity of its membership and audience. In its eleventh season, the Symphony has become one of the artistic beacons for this burgeoning area. The 55-member community-based orchestra gives local musicians the opportunity to perform masterworks along-side seasoned veterans. The orchestra welcomes new musicians throughout its season.
